## SOFTWARE DEVELOPER

Aspiring Software Developer with hands-on experience building full-stack web applications and RESTful APIs using C#, ASP.NET Core Web API, JavaScript, HTML, and CSS. Passionate about software engineering, backend development, and creating scalable solutions through real-world projects, including portfolio websites and authenticated API systems. Eager to apply strong problem-solving skills, technical knowledge, and a continuous learning mindset in a Software Developer Internship role. In addition, I'm a BSc Computer Science and Information Technology graduate.

## WORK EXPERIENCE

MultiChoice – Revenue Assurance Graduate – Johannesburg, GP March 2023 - May 2025

- Managed SQL scripts to pick up discrepancies between our billing system and our provisioning system, driving the optimization of the company’s revenue return for the services rendered, and using Power BI to keep track and manage the data for discrepancies.
- Ensured that a company’s revenue streams are accurate, secure, and optimized.
- Cultivated relationships with external partners, including vendors and consultants, to enhance support for revenue assurance objectives.
- The main objective is to prevent and recover revenue loss using software and data analytical skills
- Managed SQL scripts to identify discrepancies between the billing and provisioning systems.
- Monitored revenue assurance KCIs and KPIs to mitigate risks of revenue loss and minimize customer impact

- Microsoft SQL Server
- MySQL Workbench
- SQL lite

### Core competencies

- Agile problem-solving
- Interpersonal communication
- Team decision-making
- Time management

### Data analysis

- Data Entry
- Business Data Analysis
- Power BI reporting & visualization

### Backend development

- C#
- ASP.NET Core Web API
- RESTful APIs
- Python
- JWT Authentication
- PHP API

### Tools & Platforms

- Git & GitHub
- Power BI
- Microsoft Office Suite
- Visual studio code
- Visual studio

### Development Focus

- Full-stack development
- ASP.NET development

## EDUCATION

University of KwaZulu-Natal – BSc in Computer Science and  
Information Technology – Durban, KZN

May 2023

Injabulo Combined School – Matric – Piet Retief,  
Mpumalanga

Dec 2017

## PROJECTS

### Makhokolotso's Portfolio Website

- Personal portfolio website for Makhokolotso Maria Khapetsi featuring her biography, published books, empowerment initiatives, mission, and contact platform. Includes responsive design, animations, WhatsApp integration, EmailJS contact form, and a modern faith inspired aesthetic. A modern responsive portfolio built with HTML, CSS and JavaScript featuring animations, glass morphism and interactive sections.
- portfolio website: <https://siyabonga-makhubu.github.io/Makhokolotso-s-Portfolio/>

### Auto-Tracker Legal Management System

- Auto-Tracker Legal Management System is a modern legal practice platform that unifies time tracking, billing, client management, and trust accounting into a single, seamless workflow.
- live website demo: <https://siyabonga-makhubu.github.io/Auto-Tracker-legal-management-system/>

### My Personal Portfolio Website

- My personal portfolio website includes my biography, skills, education, projects, experience, and contact information. Includes responsive design, animations, and EmailJS contact form. A modern responsive portfolio built with HTML, CSS, and JavaScript featuring animations, glassmorphism, and interactive sections.
- portfolio website:: <https://siyabonga-makhubu.github.io/Siyabonga-Portfolio/>

### Survey Assessment Application

- A modern web application built with ASP.NET Core (.NET 9) that allows users to submit survey responses and view survey statistics. Users can fill out surveys with personal details and multiple-choice questions.
- GitHub code: <https://github.com/Siyabonga-Makhubu>

## CERTIFICATIONS

- Business Data Analyst
- Full Stack Development

May 2025

July 2025
